You can visit Berlin, Paris, or London, and zoom on down into the various regions of each city to see where mobile phones are, read tweets originating from specific spots, and see icons that represent CCTV feeds, traffic lights, and more.

If you think that the conceit behind Ubisoft's hacker-themed video game Watch Dogs isn't real enough, be sure to take a look at this website.. By 3:53 pm, July 9, 2014 Hate images and wallpapers for mac It's pretty, but all kinds of creepy, too.. Takes real world, publicly-accessible location-based data and parses it into a display ripped directly from the video game of the same name.
